Dear Animal lover

We desperately need your help with our current rescue attempts of approximately **SIXTY** cats that are **starving to death** on a dairy farm in Benoni. We received an e-mail from a concerned member of the public, regarding an advert in the Junk mail saying: *We are overrun with cats, so please come and take as many as you want!* Of course we were horrified and Animal Allies kindly offered to assess the situation for us.

The cats are not being fed, and due to the large numbers, the cats cannot survive on natural food sources. **We need homes and/or foster homes, so that we can save these cats lives! Our shelter is not finished yet we have run out of funds, so we cannot take cats into our shelter yet.** We also desperately need funds to cover the costs of their sterilizations, vaccinations, de-worming, etc. The management of the dairy farm refuses to assist us financially!

Please see pictures of some of the beautiful cats we have saved so far:

Thank you

Kind regards
