

Today we bring you the story of “the puppy with the split open foot” as well as news of our upcoming SAINTs book sales and exciting new colours in tshirts

At the end of last year, December 2011, we came across this poor puppy and her 4 siblings at a shack in Diepsloot Township. **Her left back foot was completely split open** and although the wound was already healed, her toes were loose from her foot, which caused her great difficulty with walking.

Our vet decided that she was too young and it was too soon to amputate her leg and suggested that we wait 1 - 2 months to see how she progressed before making a decision.

Ilse Claase, who was volunteering at our shelter when this puppy and her siblings were brought in by our fieldworkers, immediately offered to foster this puppy until we can find a good home for her. But, Ilse has fallen in love with this puppy in the meantime and has decided to give her a permanent home! Our sincere thanks to Ilse for giving this special girl such a wonderful life, after she has suffered so terribly in her short life.

As always, we are in desperate need of funds for her and the other animals in our shelter, medical bills and care. Please help us to help them by making a kind donation, or perhaps buying a t-shirt or a calendar?

Thank you and kind regards,
Merinda Brits
